

C. 1946

The following is a faithful transcription of handwritten messages on flyleaf of 4 volumes of the "Mystical City of God," by the Servant of God, Father Solanus Casey, O.F.M.Cap.

THE CORONATION: "What a compendium - Climax at once -
of sacred History, of philosophy of every phase of sacred Theology."
Fr. S. ofmCap.

THE INCARNATION: "Glory be to God! what a work! What a revelation!
What Revelations! What sacred History! What climaxes in philosophy,
in every phase of theology! -- as supremely befits its divine Author -
no one less than God of the Holy Ghost. see p. 529 Vol IV"
Fr. Solanus, ofm Cap.

THE TRANSFIXION: "Blessed be God in all His designs! The following
pages recount the sorros of Mary - the Virgin of all blessed virgins"

THE CONCEPTION: "Blessed be God in all His design! This "The Mystical
City of God.," in my conviction is the real life of the Blessed Mother
of God - Mary Immaculate ever Virgin - Queen of the Universe.

If full results are to be expected the reader will do well to pray
to the Holy Gost at least briefly and humbly before each reading -
as is becomingly done at the reading of other "inspired works."

Fr. Solanus, O.F.M. Cap.
