Dear Reader:-

Man's greatest benefit next to his creation, was his Redemption by Jesus Christ. The Incarnation as wonderfully treated in the following pages was the beginning (in a way) of that great Mystery of Love.

Learn about that you may begin to appreciate it here when only in Heaven will be understood.

To read such work in any other than in a spirit of humility, is to read it to no profitable purpose. - in vain - This even with every kind of education and genius. Many read it - rather pray it on their knees.

Glory be to God for such a work - Even the abridged.

Fr. Solanus
